

BRAY OUTSTANDING SCIENTIFIC ACHIEVEMENT AWARD IN OBESITY RESEARCH

The Bray Outstanding Scientific Achievements Award in Obesity Research is presented to a physician, clinician or investigator who has made a significant lifetime contribution to the field of obesity research. This award is designed to recognize an individual whose lifetime body of work includes meaningful contributions and/or demonstration of highly original, sustained, and reproducible scholarship that has made major contributions to the understanding of the causes, treatment and/or prevention of obesity.

The award recipient will deliver a lecture on a topic consistent with the award's purpose at NUTRITION 2021 LIVE ONLINE which will be held virtually from June 7-10, 2021.

This award is endowed by Dr. George A. Bray and his wife, Marilyn M. Bray.

This is the inaugural year for this award.

The deadline for nominations is **January 22, 2021**.

Any questions, please contact awards@nutrition.org.

Nomination and Selection Process

All nominations must be submitted via the [ASN Foundation Portal](#). Incomplete or late nominations will not be considered.

Nominations will be retained for 2 years. Nominations received will be considered for 2021 and 2022 awards selection.

Confidential award selection juries are appointed each year. Juries rate the candidates based on the award criteria. An award is usually given to 1 person, but a jury may recommend that the award be given to 2 or more individuals who collaborated in recent research. Similarly, a jury can determine that there are no deserving candidates in a given year.

Nomination Guidelines

The following information will be required during the submission process.

- Nominee contact information
- Nominator contact information
- Required uploads (in PDF format)
 - Letter(s) of support (maximum of 2 letters)
 - Brief curriculum vitae of the nominee
