

Presidential Priorities

Paul M. Coates, PhD
ASN Vice President

Draft Presidential Priorities

1. Facilitate the development and implementation of ASN Nutrition Research Priorities being conducted through the Future of Nutrition Research Task Force.
2. Ensure the future growth and sustainability of the ASN publishing portfolio through execution of the Publishing and Education Taskforce recommendations.
3. Continue to elevate ASN around the world through development and successful execution of Diversity, Equity and Inclusion programs and activities.
4. Support the expanded mission of the ASN Foundation partnering with ASNF Board of Trustees leadership to continue the impressive growth of the Foundation.
5. Lead development of ASN 2028 Phase 2 to define ASN path for 2022-2025. Further goals of ASN 2028 to expand ASN's public facing outreach.
6. Expand the ASN relationship with NIH and other Federal funding agencies.
