

## 2022 SENIOR INVESTIGATOR LECTURESHIPS

The ASN Foundation is pleased to announce the Call for Nominations for the following 2022 lectureships awards. ASN looks forward to honoring the award recipients at NUTRITION 2022 LIVE ONLINE, ASN's annual meeting which will be held virtually from June 14-16, 2022.

The award recipients will deliver a lecture on a topic consistent with the award's purpose at NUTRITION 2022 LIVE ONLINE.

- **E. V. McCollum International Lectureships in Nutrition Award**  
This bi-annual award provides a means to encourage sound advancements in nutritional science and their application for improving the health and well-being of people worldwide and to commemorate the life and contributions of EV McCollum. This award is endowed by the EV McCollum International Lectureship Endowment Fund.
- **George Bray Outstanding Scientific Achievements Award in Obesity Research**  
The George Bray Outstanding Scientific Achievements Award in Obesity Research is presented to a physician, clinician or investigator who has made a significant lifetime contribution to the field of obesity research. This award is designed to recognize an individual whose lifetime body of work includes meaningful contributions and/or demonstration of highly original, sustained, and reproducible scholarship that has made major contributions to the understanding of the causes, treatment and/or prevention of obesity. This award is endowed by Dr. George A. Bray and his wife, Marilyn M. Bray.
- **Lifetime Achievements in Global Nutrition Research Award**  
This award honors lifetime achievements in international nutrition research to benefit populations in non-industrialized countries. Nominations should describe the nominee's contributions to research, as demonstrated through peer-reviewed publications, and training new scientists for international nutrition research. Nominees must be a member of the Global Nutrition Council. (Formerly called the Kellogg Award for Lifetime Achievements in International Nutrition Research.)
- **Robert Suskind and Leslie Lewinter-Suskind Pediatric Nutrition Lifetime Achievement Award**  
This award is presented to a clinician or investigator who has made a significant lifetime contribution to the field of pediatric nutrition, particularly to the role of childhood nutrition in health and disease. The recipient's impact will have been global, resulting in scientifically verified improvements in children's health and/or innovative successful treatments for conditions such as childhood malnutrition or obesity. This award is endowed by Robert Suskind and his wife, Leslie Lewinter-Suskind.

The deadline for nominations is **January 28, 2022**.

Any questions, please contact [awards@nutrition.org](mailto:awards@nutrition.org).

## Nomination and Selection Process

All nominations must be submitted via the [ASN Foundation Portal](#). Incomplete or late nominations will not be considered.

Nominations will be retained for 2 years. Nominations received will be considered for 2022 and 2023 awards selection.

Confidential award selection juries are appointed each year. Juries rate the candidates based on the award criteria. An award is usually given to 1 person, but a jury may recommend that the award be given to 2 or more individuals who collaborated in recent research. Similarly, a jury can determine that there are no deserving candidates in a given year.

## Nomination Guidelines

The following information will be required during the submission process.

- Nominee contact information
- Nominator contact information
- Required uploads (in PDF format)
  - Letter(s) of support (maximum of 2 letters)
  - Curriculum vitae of the nominee
