

HALEON PREDOCTORAL FELLOWSHIP

The HALEON Predoctoral Fellowship is designed for ASN student members who are near completion of their doctoral studies. The Fellowship funds outstanding research projects proposed and conducted by ASN members enrolled in a United States graduate program in nutrition. The funds can be used to support tuition, room/board, books, travel/registration to scientific meetings, research project support and/or indirect charges (overhead). Applications will be evaluated on significance, feasibility, communication and clarity, as well as overall scientific technical quality of the proposed research project. In support of ASN's Inclusion, Diversity, Equity, and Accessibility (IDEA) commitment, researchers from underrepresented groups are encouraged to apply.

Any questions, please contact awards@nutrition.org.

Application and Selection Process

All applications must be submitted via the [ASN Foundation Portal](#). Incomplete or late applications will not be considered.

Confidential selection juries are appointed each year. Juries rate the candidates based on the award criteria. A jury can determine that there are no deserving candidates in a given year.

Eligibility

Applicants must:

- Be an ASN member residing in the U.S.
- Be near doctoral degree completion and show written proof of any preliminary oral/written examinations.
- Have demonstrated interest in nutrition and the role of supplementation to promote healthy aging, digestive health, immunity, and/or women's health with a focus on improving public health, etc.

Application Guidelines

The following information will be required during the application process. *Please note that ASN recommends the Statement and Summary text first be written and saved in a Word document and then copied and pasted into the appropriate boxes during the application process.*

- Applicant contact information
- Faculty advisor and ASN mentor or supportive member (letter of support authors) contact information
- Required Upload(s):
 - Two letters of support (1 from a faculty advisor and 1 from a supportive ASN mentor or supportive member)
 - A letter of interest that also addresses how your doctoral research work may be applied to consumer healthcare innovation and/or translation to public health education.
